Mr. Southwoodlaker, An 80 years old lady you know is in the club.

Here is the Email from the club head.

Hello All,

The club is looking very good this year, with an excellent number of members. We already have 48 people who are signed up, and I expect even more!  
There have been a couple of hiccups in starting out this year but things are starting to run more smoothly now.

Some very important information: This coming Monday, community members (non UWindsor students) are going to be required to have badminton membership cards in order to enter the St. Denis Centre. I will have a desk set up downstairs at around 8:45, and will be handing out new ID cards for this year. The St. Denis staff is having us create cards which you will be required to show to the front desk when you walk in. University students will not need these cards, as they already have access to the gym anyways. Shoe tags will be mandatory for all club members regardless of whether they are student or not.

This means I must have your payment on Monday night! I will try to have the cards as finished as possible when you arrive, so there will be as little waiting as possible at the front desk. So please have your money on Monday!!!  
Remember, it is 65 for adults, 45 for non UWindsor students, and 20 for UWindsor students. If you have any questions or concerns, please email me!

If you know somebody who is not on this mailing list who should know this information, please let them know.

I hope to see you all out Monday night at 9!

Joshua Konopasky
